RECENT PUBLICATIONS:

L'ouvrage *La Préface. Formes et enjeux d'un discours d'escorte*, dirigé par Marie-Pier Luneau et Denis Saint-Amand, vient de paraître aux Éditions Classiques Garnier.

La préface participe d'une véritable dynamique et revêt de multiples enjeux. Ce volume interroge la préface du point de vue de son historicité et de ses rhétoriques, des rapports effectifs dont elle témoigne et qu'elle fait évoluer et des représentations auctoriales, enfin, qu'elle abrite et met en circulation.

A preface has a dynamic of its own and embraces multiple aims. This volume examines the preface from the standpoint of its historicity and rhetoric, as well as of the concrete relationships to which it testifies, enabling these to develop. Finally, there are the authorial representations that it contains and sets

in motion.
